In predictable seasons, dictated by weather patterns and the unpredictable nature of wild animals, vast herds of wildebeests and zebras move through the Serengeti in search of grass and water as part of the year-round Great Migration cycle. Whether it is walking safaris with experienced and highly knowledgeable guides or the sensation of being as close to nature's daily fight for survival, the sensory feast that accompanies any visit to Serengeti Migration Camp will no doubt out rival anything experienced before.

In the evenings, sip on your favourite hot beverage as you ponder on the majesty of Africa during an unobstructed sunset experience.
